

September 12, 2008

Ms. Marlene H. Dortch  
Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, S.W.  
Room TW-A325  
Washington, D.C. 20554

Re: Ex Parte Notice  
WT Docket 04-356  
WT Docket 07-195  
RM 11485

Dear Ms. Dortch,

On September 10, 2008, Stephen Berger of TEM Consulting (representing the DECT Forum), and Paul Schomburg of Panasonic Corporation of North America, met with Geraldine Matise, Karen Ansari, Patrick Forster and Jamison Prime of the Office of Engineering.

In this meeting, the parties discussed the petition for rulemaking filed by the DECT Forum on August 15, 2008, the related comments filed July 21, 2008 and reply comments filed August 11, 2008. Mr. Berger and Mr. Schomburg reviewed the reasons the DECT Forum is asking for revisions to certain portions of the rules for the Unlicensed Personal Communications Services (UPCS) frequency band, which is used by DECT 6.0 cordless phones and other devices. The parties explained why expeditious action by the Commission is necessary to protect consumers from harmful interference made likely by proposed service rules in the 1915-1920 MHz band.

Pursuant to Section 1.1206(b)(2) of the Commission's rules, an electronic copy of this letter is being filed for inclusion in the above-referenced dockets. Please direct any questions regarding this filing to the undersigned.

Sincerely,

Stephen Berger  
TEM Consulting, LP
